Club FADOQ Les Deux Monts is organizing a wine tasting

-  **Date: Thursday, September 10 at 12:00 p.m.**
-  A marquee that can accommodate up to 55 people will be reserved for us for the day.
-  **Tasting of 6 wines**, which will be served one after another, allowing guests time to have a bite between each service. Explanations about the wines will be provided by the staff during each service. The tasting is expected to last about 1 hour.
-  **The tasting cost is \$15** per person, including taxes. Tips are not included.
-  To accompany the tasting, **guests may bring their own picnic.**
-  After the tasting, the site offers the opportunity to walk through the vineyard, explore the apple trees and vines on your own, or follow a small shaded trail and sit by a little stream. The terrain is hilly. Suitable shoes and walking poles may be very useful.
-  The welcome shop is also worth a visit. It offers the full range of bottled products produced and marketed by the vineyard, including white wines, red wines, ciders, and more. In addition, as a new feature, some wines are also available in 250 ml cans.
-  The name Val Caudalies is associated with the vineyard's hilly region and with a measure used by oenologists during tastings to measure the time, in seconds, that the wine's aromatic persistence remains in the mouth.
